- Ensure an appropriately qualified assessor is appointed, should it be necessary, and that evidence of the qualifications of the person appointed is held on file.
- Ensure that any assessments carried out, and all arrangements put in place, comply with JCQ and awarding body regulations and guidance.
- Ensure a statement is provided which details the criteria the centre uses to award and allocate word processors for exams.
- Work with teaching staff, and relevant support staff, to ensure centre-delegated and awarding body-approved access arrangements are put in place for candidates taking internal and external exams/assessments.
- Provide information to evidence the normal way of working of a candidate.
- Ensure that arrangements, and approval where required, are in place before a candidate takes his/her first exam or assessment (which is externally assessed or internally assessed/externally moderated).

6.5 **Use of Word Processors**

The following is the Statement by Head of Centre regarding the use of word processors in examinations:

'Candidates will be allowed to use a word processor if this is their normal way of working. This will be the case where a candidate has limited manual dexterity, insufficient to allow them to handwrite, and a standard or adapted keyboard is their normal method of written communication. In addition, learners who use AAC devices may also use a word processing function, either through touchscreen, grid or eye gaze where this constitutes their normal way of working.

Where spelling or grammar are being assessed, these functions will be disabled on the word processor.'

6.6 **Support, Advice and Communication**

Staff requiring support with any aspect of this policy should in the first instance request support from the Standards and Examinations Co-ordinator. Additional support can be obtained from relevant awarding bodies through external training and supporting documentation. It will be available to staff and students on the National Star intranet.
